| SSCI and | There are several ways this office could go in briefing HPSCI members and staffers depending upon the time We could: | |
| | ° Do a top down briefing on the missions/functions of the office. | |
| | ° Brief on our current automated systems (GAS, FRS, BRS, Payroll), follow that with a discussion on the need to update these systems and, finally, describe where we are going with BARS and ACIS. | |
| | ° Brief on our existing Electronic Reporting Systemsthe new Field Accounting System (FAS) and Electronic Time and Attendance Reporting (ETAR). There should be some interest in our efforts to streamline procedures and eliminate incriminating paper at Field Stations, etc. | |
| | | |
| | | 25 X 1 |
| 3. F | Please let us know if you would like us to contribute coposed program in any of the ways discussed above. | |
